MaMa Doing Good
@MamaDoingGood

"Give a man a fish and you feed him for a day, teach him how to fish and you'll feed him for a lifetime".

Today, MaMa Doing Good through Joyful Women begun training 100 women at ICIPE Nairobi in Black Soldier Fly Farming, a concept of circular economy, to create poultry feed which is affordable and packed with nutrients.

This training will help equip them with the knowledge they need to start their own Black Soldier Fly farms to sell and care for their poultry.
