This week, we feature a #fly of the genus #Eumerus, a member of the family #Syrphidae (flower or hover flies). Syrphidae are considered the most important pollinators, after the bees, and are allies of farmers. We want to create a #sustainable #foodsystem that does not fail us and our generations.

We want Africa to use its #bioresources to achieve #foodsovereignty.

We are lobbying for policies that ensure healthy foods are prioritized.

## Meet Our Speakers *International Women's Month* Women in Alternative Foods Revolution

Come meet women changing how we produce and consume food.
