## Insects for Food, Feed and Other Uses (INSEFF) Programme

icipe's INSEFF Programme is at the forefront in the development of the edible insect sector in Africa. The Programme has generated and disseminated ground-breaking knowledge and innovations, including sustainable farming, processing and value addition technologies, to thousands of beneficiaries.

## Social media

The image shows a collage of three tweets. The top-left tweet is from Dendry Hellen (@SIANIagri) retweeted by SIANI (@SIANIagri), dated Feb 11, 2022. It features a graphic illustration of Dr Segenet Kelemu holding a plant, with the text 'Segenet Kelemu' and 'Alliance of Biodiversity International and CIAT and 9 others'. The top-right tweet is from Enovate Upstream (@EnovateUpstream) retweeted by Muluken Muleta, dated Feb 10, 2022. It features a portrait of Dr Segenet Kelemu and text describing her as the 4th CEO and 1st woman to lead the organization, and her receipt of the Biointernational Outstanding Senior Scientist & L'Oréal-UNESCO Women in Science Laureate Award. The bottom tweet is from The Crawford Fund (@CrawfordFund) retweeted by Laos Briefly, dated Feb 8, 2022. It is a reply to @LucyKCooper and @ABCAustralia, mentioning research by icipe to help alleviate poverty and improve health through insect research.

Best Doctoral Thesis at ZEF  
2017-2020

Dear Marwa Shumo,

Thank you for your contribution to the Prize for the Best Doctoral Thesis at ZEF for the years 2017-2020.

We are happy to announce that you were selected by the committee consisting of members of the Friends of ZEF and representatives of all ZEF departments.

The committee decided to award the prize to you for your thesis entitled:  
"Use of Black Soldier Fly (*Hermetia illucens*) in bioconversion and feed production"

Congratulations!

Save the date: **The award ceremony will take place on the 12<sup>th</sup> of May 2022.**

We will contact you about the details. Due to the pandemic, we do not yet know what form the award ceremony will take.
